

Just got back from my annual trip to the Pumpkin Run and it looked like Harry Fleming had another great turnout of cars and spectators, he even had some special guests show up, Leon Manchester, Elton Hildreth and Will Cagle.

I unfortunately was pretty much under the weather with a nasty cold, but the weather was good and lots to see. I think everyone's favorite was the pumpkin cannon.

I renewed some old acquaintances and met new ones. I met with Anne Ransom and Joe Carr briefly, they own the beautifully restored "O". Bill Force who I hadn't seen in over 35+ years, Bill has lettered and numbered many race cars including mine, (I think the total amount of cars is somewhere around 1200 or so).

Got to see my buddy Tom Flanagan who's always a fixture at the Run and the owner of the Atlantic City Speedway website.

Larry Voss and Sal Moschella were very generous in letting me come into their homes and gather photos and information for our website and we thank them for that.

I took a ride to Berlin NJ to pay Tony Siscione a surprise visit at his workplace, he said he really tried to get away and attend the Pumpkin Run but he was extremely busy, but he did say he would try to make it next year.

CJ Santilli, of the 659 has a double DVD set which was on sale at the P Run, I bought one and if you like to see racing from back in the day, buy this, you won't regret it. I've never seen this much video of this era, dirt & asphalt, and many different tracks on the 2nd dvd and it's pretty good quality considering the 8mm cameras they had then, check it out folks, you won't be sorry.

Contact CJ at (609-561-4917) for more info.

**Any news you think needs to be known, see our “contact us” list and call or email us, tell us what info you have and we’d be glad to put it on site.
Remember; “There are always stories within stories”.**
